SEMTECH

SHADED POLE MOTOR FOR COOKER HOODS & KITCHEN ASPIRATORS

- F-Class, speed, current, lead shaft can designed according to customer's requirement
- Low noise (less than 45dbA), and low vibration
- Motor stack thickness can be K20, K25, K28, K30, K33, K42, K50
- Have thermal protection devices
- With CE, VDE and RoHS approval

ELECTRONIC CONTROL BOARDS FOR COOKER HOODS

- 3~5 speed control
- Electronic control panel with LCD & LED display
- Timer function
- With EMC approval

LCD TOUCH CONTROL PANEL FOR COOKER HOODS

- Customer design are welcome. LCD panel & capacitive touch sensor panels
- Speed control, timer, lamp on/off
- Continuous detection

MICRO SWITCHES & ROCKER SWITCHES FOR KITCHEN ASPIRATORS

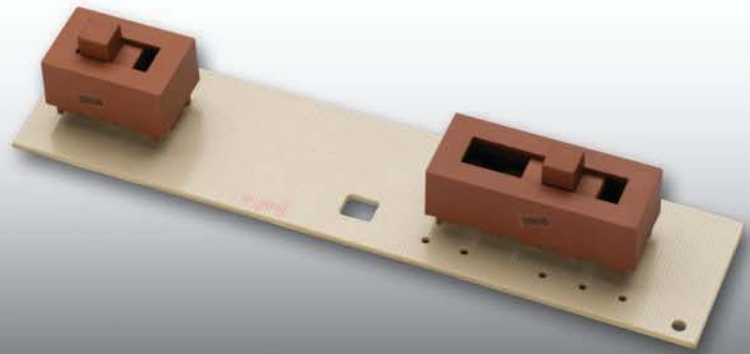

- Micro switches for slide cooker hoods
- Lever type can be designed upon your request
- Guaranteed quality
- With VDE, UL, CE and RoHS approval

- Rocker switches for slide cooker hoods
- Can be printed upon your request
- Guaranteed quality
- With VDE, UL, CE and RoHS approval

SLIDE SWITCH FOR KITCHEN ASPIRATORS

- We can supply with PCB
- With UL, VDE and ENEC approval

SWITCH SETS FOR KITCHEN ASPIRATORS

- 3 Speed motor control and lamp on/off with 4 of 5 switches
- With reset button and without reset button
- Customer design
- With VDE, UL, S, D, N and FI approval

- Impressive design of new switch set for cooker hoods
- 3 Speed motor control and lamp on/off with 4 of 5 switches
- With reset button and without reset button
- Special customer design
- With VDE, UL, S, D, N and FI approval

HALOGEN LAMPS AND CERAMIC LAMP SOCKETS FOR COOKER HOODS

GU10

- Average life time: 3000 hours with clear glass or coloured
- Operating voltage: 220V~240V/50Hz 110~130V/60Hz
- With CE and RoHS approval

GZ10

- With 2X42 cm 0.50 mm 2/0.75 mm 2 silicone wire, stripped ends 8mm
- With 2X25 cm 0.50 mm 2/0.75 mm 2 VDE/RoHS silicone wire, stripped ends 8mm
- With VDE, RoHS, CE and UL approval

E14 LAMP AND LAMPHOLDER FOR COOKER HOODS

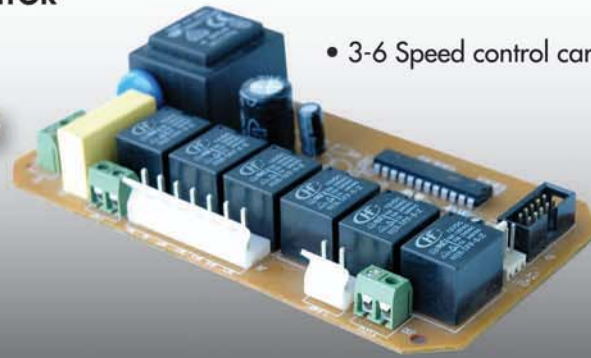

- E14 white lamp
- Nickel plated brass base 25W/40W
- With CE and RoHS approval

- Customer design welcome
- Single lampholder with metal bracket and cable
- Twin lampholder with connector and cable
- Each cable lenght can be supply

ELECTRONIC PCB BOARD & CBB60 CAPACITOR

- CBB60 AC motor capacitor
- With VDE and RoHS approval

- 3-6 Speed control card with LCD LED VFD

ELECTRONIC & MECHANIC TRANSFORMER FOR COOKER HOODS

- For 12 V/20 W spot lamps
- Cover colour can be chosen
- With CE and TUV approval

12 V/20W SPOT LAMPS WITH CABLE

- Halogen low voltage downlights for cooker hoods
- Average life time: 3000 hours
- White, black, brass, matted chrome, matted brass, satin nickel
- With CE and RoHS approval

TERMINAL BLOCK AND FUSE SOCKET FOR COOKER HOODS

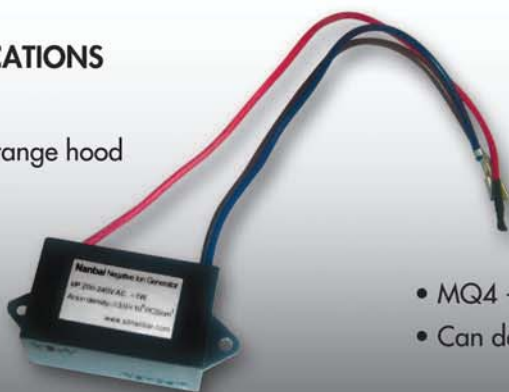

- 2-12 pole
- Nonflammable
- With VDE, UL and RoHS approval

- Fuse holder
- With CE, UL and RoHS approval

FOR HI-END APPLICATIONS

- Ion generator
- Can be installed in range hood

- MQ4 - MQ7 - MQ9 - MQ135
- Can detecting CO, LPG and natural gas

REMOTE CONTROL FOR COOKER HOODS

- Remote control
- Label can be printed upon your request
- With CE approval

THERMAL PROTECTORS FOR COOKER HOODS & KITCHEN ASPIRATORS

- Temperature setting range (at no load): 50°~150°C
- Contacts endurance (resistive load): 125V AC / 10A, 250V AC / 5A
- With VDE, UL, CSA and CCC approval

SLIDE RAIL FOR KITCHEN ASPIRATORS

- 185 mm slide rail
- 251 mm slide rail
- With RoHS approval
